GEALAN Innovation MIT System

Our inspiration is to fascinate people!

With the most innovative window systems, surfaces and best-in-class digital solutions, we set the main trends and form the framework for the world of windows. The GEALAN group is one of Europe's leading manufacturers of vinyl profiles for windows and doors.

The core components of the GEALAN brand include modern profile systems such as 39, 44, 60 and 64 mm profiles for both sliding and casement systems, intensive core insulation and option for various wood-grain foiling.

As an innovative system provider for vinyl window and door profiles, GEALAN also offers its partner companies comprehensive services in the areas of marketing and advertising, architectural consultation and training for window manufacturers and architects.

GEALAN 100 YEARS OF HISTORY

Together, our innovative products and comprehensive services form the basis for continuous growth, in keeping with our Company motto: "Innovation MIT System" (Innovation by design). Across Europe, GEALAN employs more than 1,600 people and generated an annual turnover of more than EUR 325 million in 2022. Since 2014, GEALAN has been part of over 1.9 billion euro's family-run Holding Company based in Germany. This family-managed corporate group, which has its headquarters in Oberkotzau and manufacturing facility in Tanna, Germany is one of the leading manufacturers worldwide of Vinyl Profile systems for Doors & Windows.
